MEETING DECISIONS/PLANS/REPORTS & RESPONSIBILITY
• Director Reece will make one more update to the Bylaws regarding Minutes and will forward to Rose who will distribute to the group for electronic approval when ready. • Rose asked that PIC members ensure School Council Chairs know they can reach out to her for support, with questions or to attend a meeting to provide explanation on the role of School Council. • Clarification when busses are cancelled: Students are not marked absent; we do appreciate if parents enter a "planned absence" in Edsby (especially for students who walk) if they are not attending, as this saves our secretaries a lot of phone calls as per our Safe Arrivals procedure. • NOTE: Meeting scheduled for March 31st is changed to May 5th due to Information Session. • Director Reece will investigate the possibility of the May 26th workshop being offered both in-person and virtually, as requested, and will update in the future.
