

The **ADSB Alliance Academy** is a cross-city opportunity for all genders entering Grades 9 and 10, who attend our three secondary schools in Sault Ste Marie (Korah, Superior Heights and White Pines). Students access eligible bus routes in the morning to travel to the Alliance Academy of their choice. Students are then transported back to their home school for the afternoon via an ADSB lunch-time shuttle.

Students can select a maximum of two Alliance Academy options in *myBlueprint* during course selection (one each semester). The course packages are designed to ensure students are able to meet the compulsory course graduation requirements while participating in one or more Alliance Academy option.

When students select an Academy option, they are automatically scheduled in the two courses listed below, which integrate sport-specific examples and learning throughout the curriculum. The IDC30/IDC3U Interdisciplinary Studies course curriculum focuses on fitness, nutrition, sports psychology, coaching, refereeing, injury maintenance and prevention, career exploration, and video analysis.
